

## April 27 2021 - Special Announcement

### Announcement

Members of First Christian Church Tyrone:

One year ago, the Elders made the decision to postpone all services at our church due to the Corona virus. In July we reopen services in the sanctuary but did not offer Sunday School classes. We continued to monitor the spread of the virus, seeking a time when we felt it safe to continue Sunday School. That time has arrived. All Sunday School classes can resume starting this Sunday, May 2, 2021 at 9:30 am.

This date was picked to give our members more time to be vaccinated for COVID, to allow for the cleaning of all classrooms, and to permit all members to begin preparing to return to classes on Sunday morning. The Elders also have placed some directions on how the classes will form. There will be no food brought into each class, table sitting in the Activity Building will be limited to 4 per table, and each class will clean their room after each session. Masks will continue to be worn, since many of our members have not been vaccinated.

Our God has been exceptionally good to our church with only 3 or 4 members having the disease during this past year. We strongly suggest that all members be vaccinated in order that they may stay safe and be able to worship with us each Sunday.

Please look forward to this Sunday May 2, 2021, as our church begins Phase II in returning to normal worship.

Ron Hall  
Chairman of the Elders
